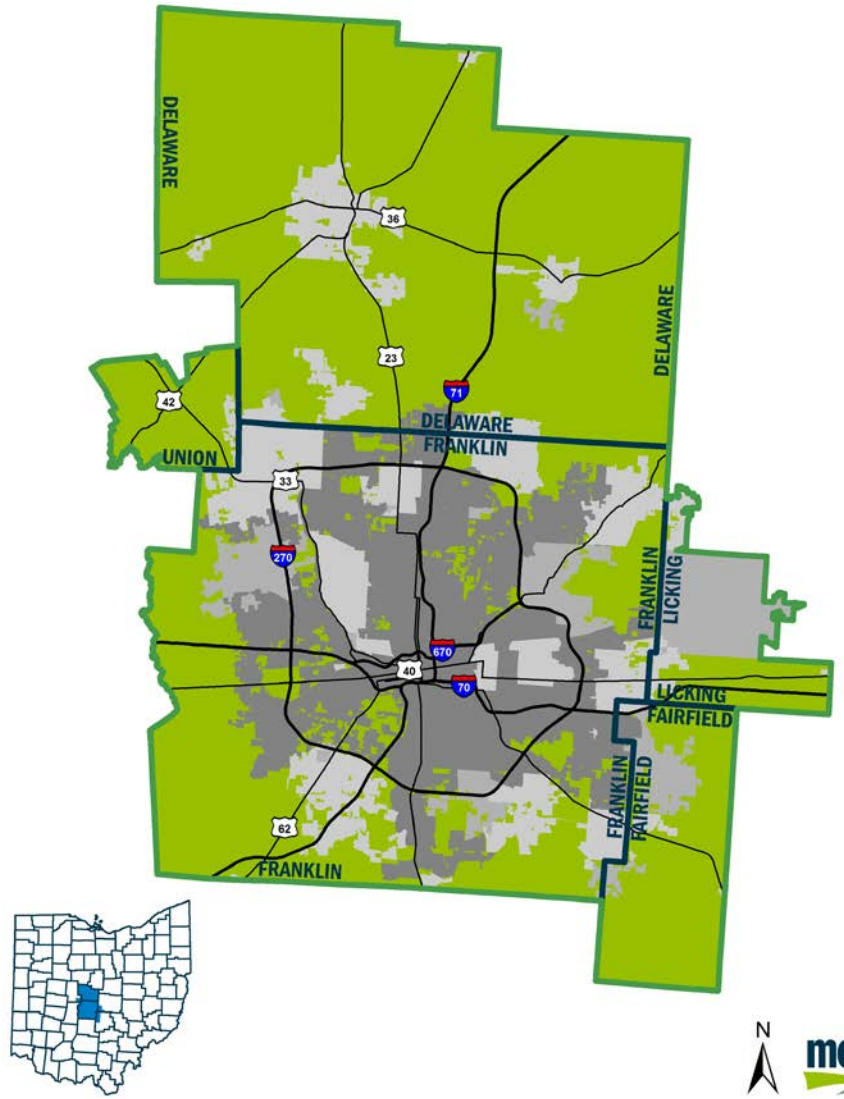
WHAT IS THE 2016-2040 METROPOLITAN TRANSPORTATION PLAN?

- Plan that sets the regional transportation priorities
- Long-range (20+ years), fiscally constrained, prioritizes strategies and projects, examines impacts to air quality
- Formal document submitted to ODOT and Federal Highway on a 4-year cycle

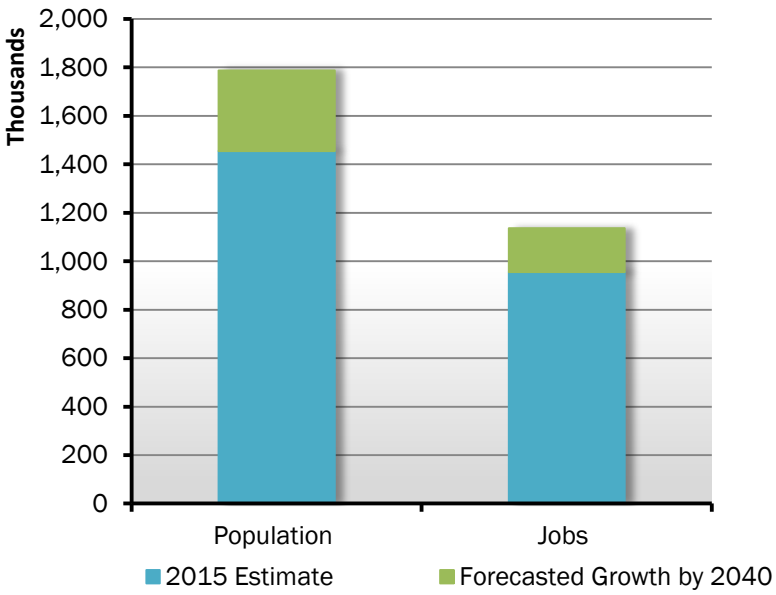
MORPC MPO Area



The 2016 Metropolitan Transportation Plan only includes communities within the official MPO boundary.

WHY IS IT IMPORTANT?

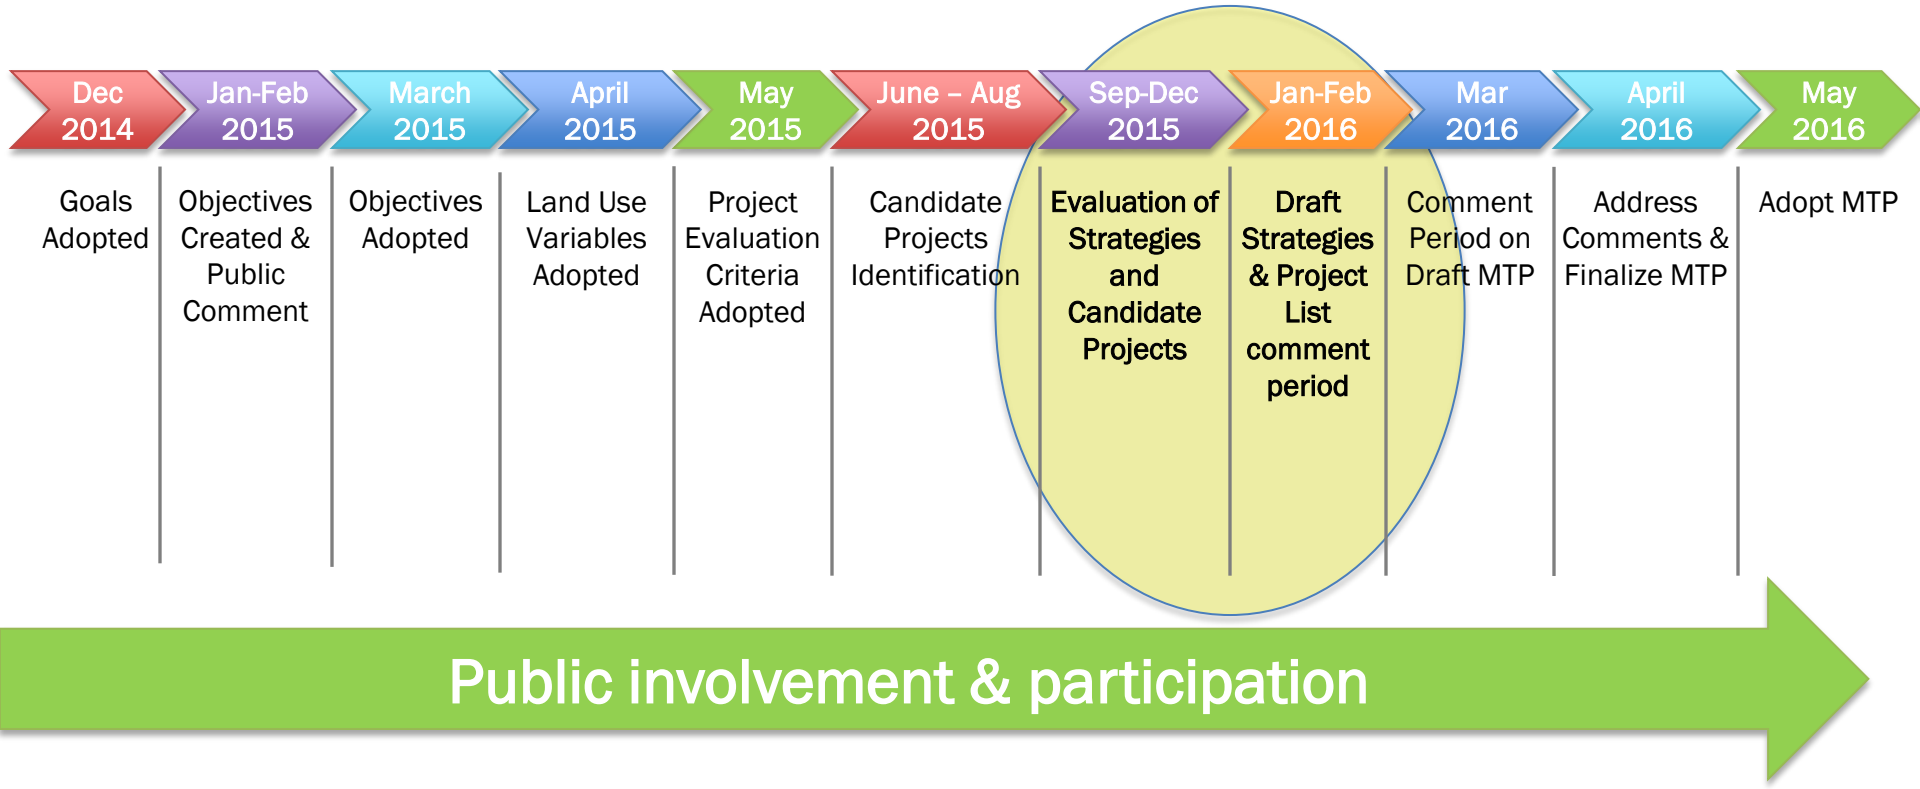
- 2016 – 2040 Growth



- Existing transportation network:
  - Over 2,000 miles of highways
  - 9,700 vehicle miles traveled per capita
  - Over 1 million service hrs of transit
  - 580 miles of bikeways

- *Transportation projects must be in MTP to be eligible for Federal funding*

PLAN DEVELOPMENT TIMELINE



ADOPTED GOALS OF THE MTP

Through transportation:

- Reduce per capita **energy consumption** and promote **alternative fuel** resources to increase affordability and resilience of regional energy supplies
- Protect **natural resources** and mitigate infrastructure vulnerabilities to maintain a healthy ecosystem and community
- Position Central Ohio to attract and retain **economic opportunity** to prosper as a region and compete globally
- Create **sustainable neighborhoods** to improve residents' quality of life
- Increase **regional collaboration** and employ innovative transportation solutions to maximize the **return on public expenditures**
- Use public investments to benefit the **health, safety, and welfare** of people
