# Transportation Improvement Program

State Fiscal Years 2016 to 2019

Mid-Ohio Regional  
Planning Commission

July 1, 2015

## What is the TIP?

Look no further than MORPC's Transportation Improvement Program (TIP) to discover the transportation projects scheduled for construction in Central Ohio communities.

The TIP collects all significant transportation projects scheduled for the MORPC transportation planning area during the next four years. This area includes Franklin and Delaware counties, Violet and Bloom townships in Fairfield County, and Etna Township and Pataskala in Licking County.

### The TIP Planning Area

- |                   |                    |
|-------------------|--------------------|
| <b>A</b> Delaware | <b>C</b> Licking   |
| <b>B</b> Franklin | <b>D</b> Fairfield |

Projects are modifications or maintenance of highways, public transit, bikeways, sidewalks, bridges, traffic signals and other aspects of our transportation system.

The TIP advances the region's priorities by keeping the transportation system responsive to shifting social, economic, environmental, and demographic makeup of our region.

Everyone who lives, works, or attends school here – or who simply travels to and from our region – is affected by these projects.

## Development of the TIP

Although the TIP covers a four-year period, it is updated every two years. This schedule ensures that requirements are continually met and that there is an efficient transition between TIPs.

MORPC coordinates with transportation agencies and providers, including the Ohio Department of Transportation (ODOT), local governments, and public transit agencies and with area residents to identify funding priorities cooperatively. To be included in the TIP, projects or activities must have committed funding and dependable schedule information from their local sponsoring agency.

The TIP for State Fiscal Years (SFY) 2016-2019 became effective July 1, 2015, after approval from MORPC, the governor and the U.S. Department of Transportation (U.S. DOT).

### The TIP Process

## Metropolitan Transportation Plan

MORPC is continually looking at the future transportation needs of the region. The TIP identifies the near-term projects being implemented. MORPC also develops the region's long-term Metropolitan Transportation Plan (MTP). The MTP covers more than 20 years and is developed every four years. The projects on the TIP, as part of the implementation phase of the MTP, must be consistent with the MTP.

## Modifying the TIP

MORPC regularly amends the TIP to reflect new and changing opportunities. The transportation director may approve minor changes, but certain modifications are more significant and require MORPC to approve a formal amendment to the TIP:

- **Cost changes that exceed percentage thresholds**
- **Major changes in project scopes**
- **Adding new projects to the TIP**
- **Schedule changes that move phases into the TIP's time period**

If an amendment is necessary, it must be approved before federal funds can be authorized for the project. MORPC considers amendments quarterly and at other times under special circumstances. It normally takes two to three months to process amendments through MORPC, ODOT and U.S. DOT, so early coordination is essential to maintain project schedules.

## Environmental Justice

The TIP analyzes how new projects affect the following groups who are transportation-disadvantaged:

- **Residents who are disabled**
- **Elderly residents**
- **Zero car households**
- **Minority residents**
- **Hispanic residents**
- **Residents living in poverty**

This environmental justice analysis ensures that these groups are involved in decision making and that they receive a proportionate share of the benefits – and that they do not bear a disproportionate share of any adverse impacts.

## Air Quality

Since Central Ohio has fallen short of ozone and fine particle (PM<sub>2.5</sub>) standards in the recent past, the Ohio Environmental Protection Agency works with MORPC and other agencies to develop a State Implementation Plan (SIP) to meet air quality standards. Because the TIP records upcoming transportation projects with potential emissions, it must be consistent with emissions levels established in the SIP.

## Funding

Funding by Source  
Total Funding: \$2 Billion

To maintain the region's eligibility for federal funds, the TIP must fulfill requirements for the following issues:

- **Public involvement**
- **Air quality**
- **Environmental justice**
- **Fiscal constraint, or a balanced budget**

For more information about a project, find the ID number on the table inside the following pages OR the TIP Projects insert.

This map does not show all TIP projects. Please check [www.morpc.org](http://www.morpc.org) for updates to this map and a complete project listing.

The information shown on this map is compiled from various sources available to us, which we believe to be reliable.

This map was prepared in cooperation with the U.S. Department of Transportation's Federal Highway Administration and Federal Transit Administration, the Ohio Department of Transportation, and local communities.

The TIP report was prepared by the Mid-Ohio Regional Planning Commission (MORPC), 111 Liberty St., Columbus, OH 43215, 614-228-2663, with funding from the Federal Highway Administration, Federal Transit Administration, Ohio Department of Transportation, and Delaware, Fairfield, Franklin, and Licking counties. The contents of this report reflect the views of MORPC, which is solely responsible for the information presented therein.

In accordance with requirements of the U.S. Department of Transportation, MORPC does not discriminate on the basis of age, race, color, national origin, gender, sexual orientation, familial status, ancestry, military status, religion or disability in programs, services or in employment. Information on non-discrimination and related MORPC policies and procedures is available at [www.morpc.org](http://www.morpc.org) under About MORPC/Policies.

| TIP ID   | Agency        | Project Description  | Const. SFY | Cost        |
|----------|---------------|--|------------|-------------|
| 2989     | ODOT 6        | SR-315 from Franklin Co line to US 23, Resurfacing   | 2019       | 1,570,855   |
| 2990     | ODOT 6        | SR-674 from Pickaway Co line to US 33, Resurfacing   | 2019       | 1,226,203   |
| 2991     | ODOT 6        | SR-161 from Olentangy River Rd to just W of CSX RR overpass, Resurfacing                     | 2017       | 775,499     |
| 2992     | ODOT 6        | US 36 at Little Walnut Cr & Prairie Run, Bridge Maintenance Activities                       | 2019       | 457,634     |
| 2993     | ODOT 6        | SR-229 at Whetstone Creek, Bridge Maintenance Activities                                     | 2019       | 214,500     |
| 2994     | ODOT 6        | US 40 at 3 locations, Bridge Replacement   | 2019       | 2,020,939   |
| 2995     | ODOT 6        | SR-37 from SR-3 to Licking Co line, Resurfacing  | 2018       | 1,282,600   |
| 2996     | Pataskala     | Taylor Rd from Cleveland Rd to Havens Corner, Multi-Use Path                                 | 2017       | 633,560     |
| 2997     | ODNR          | Alum Creek State Park , Resurfacing*   | 2016       | 1,650,000   |

\*Project locations not shown on map

SFY (State Fiscal Year): Begins on July 1 of the prior calendar year and ends on June 30 of the calendar year.

LR (Long Range): Construction funds are anticipated after SFY 2019 and are not included in the TIP.

NA (Not Applicable): The project does not have a construction phase, but comprises a program, purchase or planning activity.

| TIP ID | Agency          | Project Description   | Const. SFY | Cost        |
|--------|-----------------|---|------------|-------------|
| 207    | Dublin          | Tuttle Crossing Blvd from Wilcox Rd to Avery Rd, New Roadway  | 2019       | 13,800,300  |
| 573    | Columbus        | Alum Creek Dr from Refugee Rd to Frebis Ave, Major Widening/Multi-Use Path                            | 2017       | 13,299,359  |
| 932    | Columbus        | Signals Phase D, Signalization*   | 2017       | 11,961,625  |
| 714    | Franklin Co     | Big Run Rd E at Big Run, Bridge Rehabilitation  | 2018       | 500,000     |
| 724    | Hilliard        | Scioto Darby Rd from Cosgray Rd to Bradford Dr, Major Widening/Minor Widening                         | 2017       | 8,160,000   |
