- ❖ Share challenges and opportunities
- ❖ Build network of peer organizations

Session Topics

Transportation Safety Data

Performance Measures & Targets

Incorporating Safety into the Planning Process

Project Planning, Evaluation, & Monitoring

Presentations

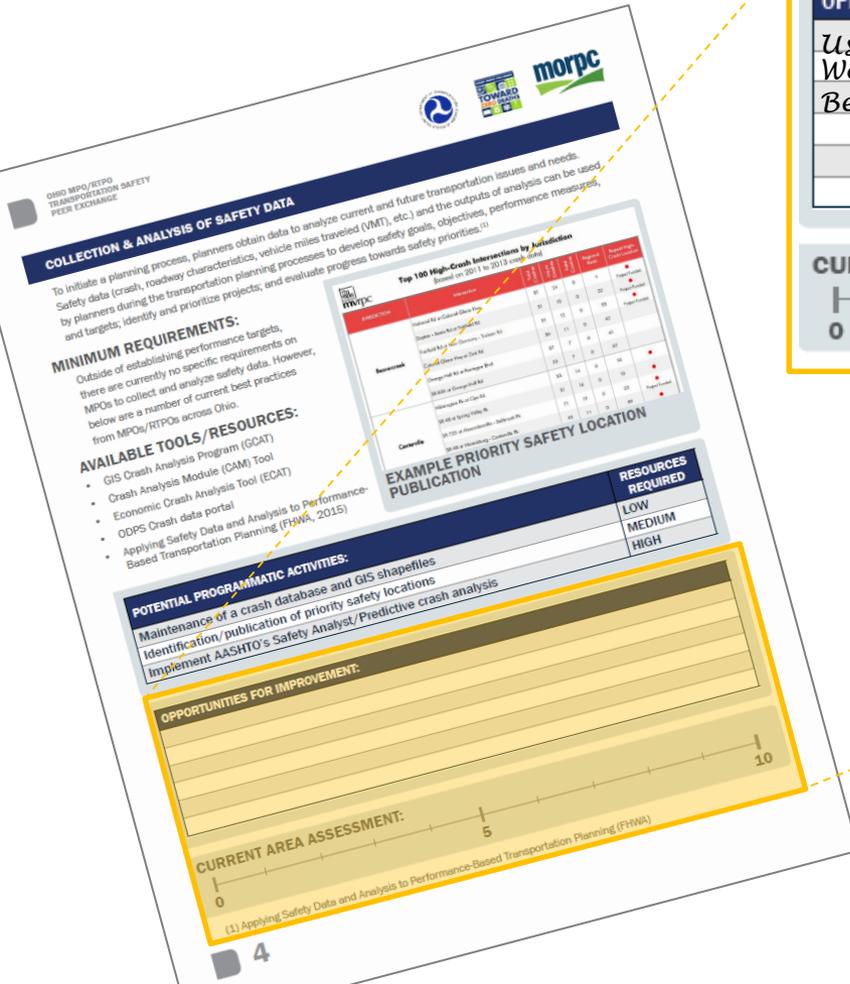

Breakout Sessions

Information Sharing

Assessment Workbook

OPPORTUNITIES FOR IMPROVEMENT:

Use ECAT to calculate PSI at select HCL locations
Work to incorporate HSM based network screening processes
Better integrate roadway, volume, and crash datasets

CURRENT AREA ASSESSMENT:

0 ————— 5 ————— 10

X

Identified Needs

- ❖ More resources
- ❖ Stronger assistance to local jurisdictions
- ❖ Better coordination between MPOs/RTPOs and ODOT district staff
- ❖ More focus on behavioral safety issues
