Federal Functional Classification

Federal Guidelines

- Volume ranges
- Continuity
 - Functionally classified roads must connect to other functionally classified roads of equal or higher class, to form connected network
- Proportion of transportation network (mileage)
- Roadway design elements

Process

- 2010: Urbanized Area boundary changed, based on Decennial Census population
- 2012/2013: MORPC/ODOT adjusted Urbanized Area boundaries for transportation planning purposes/geographic continuity
- 2013/2014: MORPC/ODOT/FHWA update Functional Classifications

Status

- November 2013: notified jurisdictions of need to review/update
- December 2013 – Feb 2014: MORPC internal review, coordinate with jurisdictions
- March 2014: Provide jurisdictions with final opportunity to review proposed changes
- Next steps:
 - Submit proposed changes to ODOT
 - Adopt resolution to update Functional Classifications (upon ODOT/FHWA approval)
