The Mid-Ohio Regional Planning Commission (MORPC) and officials of the U. S. Department of Transportation (US DOT) invite you to a conversation on transportation planning issues as part of the Certification Review of Central Ohio's Transportation Planning Process. This open session provides an opportunity for Federal Highway Administration and Federal Transit Administration officials to seek input from our community.

The Certification Review is an audit of MORPC's, ODOT's, COTA's and DATABus's efforts in regional highway and transit planning, freight, air quality, pedestrian

and bicycle facilities, land use, Major Investment Studies (MISs), environmental justice, Intelligent Transportation Systems (ITS), car and vanpooling assistance, public involvement, the Transportation Improvement Program (TIP), the metropolitan transportation plan, job access, and more.

Complimentary parking is available in a space marked with an "M" next to the building. MORPC is accessible by CBUS.
