Central Ohio Greenways  
COG Board

**CENTRAL OHIO GREENWAYS:**  
a natural connection

map | trails | alerts | friends | community resources

Welcome to the central Ohio Greenways! An extensive series of trails that wind through picnic areas, boating and fishing facilities, and family-friendly parks. The trails create a unique experience by joining the natural wonders of our scenic rivers with the diverse neighborhoods and attractions of the city. Whether you are a biking enthusiast or an avid nature lover who prefers to walk in the park, the trails are divided into sections that will appeal to your personal taste. One of the key benefits of the trails is their convenient location near many day-to-day destinations, such as shopping and recreation centers. If you're going why not take the trail and "go green"? So pack a lunch, grab the dog or strap on rollerblades and head to the path that is sure to inspire you with the natural beauty that is central Ohio.
