

Metropolitan Transportation Plan Overview

May 2022

What is the Metropolitan Transportation Plan (MTP)?

- Identifies regional transportation strategies and projects
- Long-range (20+ years)
- Fiscally constrained
- Formal document submitted to ODOT and USDOT every 4 years

The map displays the Moraga Region Planning Commission (MORPC) service area, which covers parts of several Ohio counties. The map is color-coded: green for unincorporated areas and grey for incorporated areas. Major highways are shown as black lines with route numbers. Key locations labeled include Delaware, Columbus, Westerville, and various smaller towns like Hilliard, Gahanna, and Reynoldsburg. A north arrow is located in the bottom right corner, and the MORPC logo is at the bottom center.

Why is the MTP Important?

- Central Ohio is growing
 - Demographics are changing
 - Development is changing
 - Demands on the transportation system are changing
- Transportation projects must be on MTP to be eligible for federal funding
 - Formula & Discretionary (BIL)
 - Guides the work of MORPC and regional and local planning partners
