# 2021-2022 RDAC Priorities & Working Groups

MID-OHIO REGIONAL  
**MORPC**  
PLANNING COMMISSION

# April 6 Special RDAC Meeting Summary

MORPC

- Ahead of the meeting 22 objectives and action items suggested as potential priorities
- Following discussion and a round of voting, list was narrowed to seven:

1.2.5 - Provide guidance to local governments in the creation and management of open data resources

1.3.5 - Build partnerships with associations of Central Ohio data leaders

1.4.1 - Develop best-practice case studies on how data can be used to make better policy decisions

2.3 - Establish a regional Data Day to promote data education and access throughout Central Ohio

3.1.3 - Compile best practices for data governance

5.3 - Build capacity and collaboration in Central Ohio to address digital equity needs

6.2.4 - Create community partnerships to provide free/reduced cost data and mapping services to underserved populations

- Strong support for remaining items & intersectionality among them, suggested a change to more inclusive approach – rather than narrowing down to just 2-3 priorities

# 2021-2022 RDAC Priorities & Working Groups

- Partnerships & capacity-building
  - Incorporates many of the objectives & action items under goals 1 & 2
  - Examples include guidance for RIDG & COGUG, advancing MORPC's data partnerships, and overseeing capacity-building efforts like a data academy or data day conference
- Local government resources
  - Spans objectives & action items under several goals
  - Focus on the development of specific data-related supports & resources for MORPC members
  - Example would include the current project to develop the data policy survey & toolkit
- Broadband & digital equity
  - Primarily covers goal 5
  - High-priority, emerging area of work for MORPC, so directional guidance from RDAC on this topic will be important

# 2021-2022 RDAC Priorities & Working Groups

MORPC

- The three working groups will be more permanent in scope, encompassing nearly all objectives and action items in the Regional Data Agenda
- Focus will continue to be on concrete deliverables
  - Each working group will focus primarily on one key initiative at a time
  - Working groups will define key initiative and corresponding scope of the work
- Will maintain certain elements of flexibility
  - Can bring in participants beyond RDAC membership
  - Opportunities to adjust working group membership upon completion of initiatives

# CENTRAL OHIO COVID-19 POLICY BRIEFS

Regional Data Advisory Committee  
May 25, 2021

MID-OHIO REGIONAL  
**MORPC**  
PLANNING COMMISSION

## BACKGROUND

**In March 2020, regional data leaders were called together for a series of conversations:**

When the pandemic hit, there was a necessary focus on the short-term policies and programs that would keep residents and businesses safe, healthy, and sheltered from the financial impacts.

**While these short-term measures have been critical, long-term impacts of the pandemic will be felt globally, including right here in Central Ohio.**

CENTRAL OHIO COVID-19 POLICY BRIEFS

*With funding support from:*

**Columbus City Council**  
**The Columbus Foundation**  
**The Robert Wood Johnson Foundation**

## PROJECT TEAM

Communications & Project Management

Qualitative Data Collection

Graphic Design

## BY THE NUMBERS

**20+** organizations interviewed

**70+** datasets analyzed

**30+** datasets analyzed with a focus  
on racial and income disparities

# SEVEN TOPICS

Economic & Community Development

Employment & Small Business

Housing

Public Health

Social Sector

Technology & Broadband Access

Transportation

Across the seven topics, one thing stands out—some residents, businesses, and organizations were hit harder than others.

**36%**

fewer Black-owned businesses

OHIO

**1 in 3**

low-wage earners are still out of work

COLUMBUS MSA

**78%**

of renters worried about eviction are Black or African American

OHIO

**2X**

more households are experiencing food insecurity

OHIO

**\$100M**

in lost revenues or increased expenses for health & human service nonprofits

CENTRAL OHIO

**30%**

of residents without computers or internet were Black, African American, Hispanic, or Latinx

CENTRAL OHIO

**1/2**

of fatal bike & pedestrian traffic-related crashed were in majority-Black or brown neighborhoods

FRANKLIN CO.

# ECONOMIC & COMMUNITY DEVELOPMENT

## KEY ISSUES:

- Future of office work
- Consumer spending and retail economies
- Supply chains and logistics
- Workforce shortages
