**Parking:** When parking in MORPC's parking lot, please be sure to park in a MORPC visitor space or in a space marked with a yellow "M". Handicapped parking is available at the side of MORPC's building. Electric vehicle charging stations are available for MORPC guests. Indoor bike parking is available for MORPC guests.

**Transit:** MORPC is accessible by [COTA](#) routes 5 and 8.

**District 3 Public Works Integrating Committee**  
FY26 – Policies & Criteria Working Session 2  
**Meeting Minutes**

---

Friday, April 12, 2024  
10:30 a.m.

Mid-Ohio Regional Planning Commission  
111 Liberty St., Suite 100  
Columbus, OH 43215

**Members Present**

Barb Cox (a)  
Kelly Scocco (a)  
Kris Long (a)  
Ann Aubry  
Ryan Andrews  
Karl Craven (a)  
Darryl Hughes  
Steve Farst (a)  
James Jewell  
(a) = *alternate member*

**Guests**

Jennifer Kline, OPWC

**MORPC Staff**

Thomas Graham  
Shelby Oldroyd

**1. Pledge of Allegiance**

The meeting was called to order at 10:39 a.m. and Chair Hughes led the committee in the Pledge of Allegiance.

**2. Welcome and Introductions**

Tom Graham took attendance.

**3. Approval of Minutes of March 8, 2024 Meeting**

Chair Hughes entertained a motion for the committee to approve the March 8, 2024 meeting minutes. Ryan Andrews moved to approve the minutes, Ann Aubry seconded the motion, and the motion was approved.

**4. OPWC Updates**

Jennifer Kline updated the committee regarding updates to the Ohio Administrative Code, stating that many of OPWC's previous advisories had been formalized into the OAC.

**5. NRAC Appointments**

Tom Graham explained that there were vacant seats on the NRAC, and two individuals had been nominated for one of the vacant seats. Tom Graham presented the nominations of both Jeff Anderson and Matt Brown.

Chair Hughes entertained a motion to appoint Matt Brown to the NRAC. Steve Farst moved to approve the motion, James Jewell seconded the motion, and the motion was approved.

#### **6. Consideration of Draft SFY 26 Applicant Manual**

Tom Graham presented potential modifications to the District 3 Applicant Manual in advance of the SFY 2026 SCIP/LTIP funding round. This included changes previously discussed by the committee, as well as additional changes to accommodate scoring standalone bike/pedestrian infrastructure projects.

Tom explained that proposed changes were shared with all eligible applicants in Franklin County, and shared comments received with the committee. Tom shared staff's proposed changes to the SFY 26 Applicant Manual for the PWIC to consider.

Chair Hughes entertained a motion to approve the SFY26 Applicant Manual. Ryan Andrews moved to approve the SFY 26 applicant manual, Ann Aubry seconded the motion, and the motion was approved.

#### **7. Consideration of SFY 2025 Budget and Work Plan**

Tom Graham presented the SFY 2025 budget and work plan and explained that the proposed budget and scope of work remained unchanged from the SFY 2024 budget and work plan.

Chair Hughes entertained a motion to approve the SFY 2025 Budget and Work Plan. Kris Long moved to approve the SFY 2025 Budget and Work Plan, Ann Aubry seconded the motion, and the motion was approved.

#### **8. Other Business**

Tom Graham explained that no further business exists which would require the PWIC to meet again on May 10<sup>th</sup> and therefore this meeting would be cancelled.

#### **9. Adjournment**

Chair Hughes adjourned the meeting at 11:10 a.m.

Respectfully submitted,

Thomas Graham  
District 3 Liaison

## Memorandum

**TO:** District 3 Public Works Integrating Committee

**FROM:** Tom Graham, District 3 Liaison

**DATE:** October 14, 2024

**SUBJECT:** Requests for Exceptions to Delinquent Projects Policy

District 3 has a policy to encourage funding recipients to complete construction and close out projects with OPWC without undue delay. A project that does not begin construction and close out in a timely fashion is considered delinquent. Consequently, the sponsoring agency of a delinquent project is not eligible to receive full credit for Criterion S10 on its current applications for FY26.

If circumstances outside an applicant's control significantly delay the construction schedule for a project, including delays attributable to the use of federal funds, the PWIC may approve an exception. The PWIC will take action on these requests at the next meeting on October 18.

The table below summarizes projects that are considered delinquent from sponsoring agencies that have requested an exception for FY26 (Round 39) applications.

Round Awarded	Applicant	Project Name	District 3 Requirement
FY20	New Albany	US 62 @ SR 161 Roadway Improvements	Close out by 6/30/2023
FY21	New Albany	US 62/SR 605 Bypass-Market Street Extension	Close out by 6/30/2024
FY22	Franklin County Sanitary Engineer	Ferris Avenue Sanitary Sewer Collections System	Start construction by 6/1/2022
FY22	Franklin County Sanitary Engineer	North Hague Avenue Sanitary Sewer Collections System	Start construction by 6/1/2022
FY23	Franklin County Sanitary Engineer	South Greener Avenue Sanitary Sewer Improvement Project	Start construction by 6/1/2023
FY24	Grove City	Columbus Street Improvements	Start construction by 7/1/2024

The attached requests include explanations for the delays for the committee's consideration.

Attachments

**CC16W/CC17W – City of New Albany – US 62 @ SR 161 Roadway Improvements (Round 33):**

This project was an LPA administered through ODOT District 6. PRIME Construction Management and Survey provided project administration, inspection, and materials testing on behalf of the City of New Albany. In addition to OPWC funding, the project received federal safety funds administered through ODOT. This slowed down the design development and construction process substantially. Construction of this project also occurred concurrently with the construction of the adjacent ODOT FRA-161-15.80 infrastructure improvements project. There was considerable overlap between the projects, particularly on and around the FRA-161-21.73 L&R overpass and the associated on/off ramps to/from US-62. The ODOT project performed substantial work on the bridge and ramps, which required heavy coordination and resequencing of construction to keep both projects moving smoothly. At this time, the project is at final completion.

**CC27X/CC28X – City of New Albany – US 62/SR 605 Bypass-Market Street Extension (Round 34):**

The design development and contract procurement for construction were delayed largely due to right-of-way constraints. The process for the procurement of right-of-way took longer than expected as a significant portion of the project was dependent upon the donation of land by the Wexner Estate, for the alignment between SR-605 and Dublin-Granville Rd. The vetting process for right-of-way acquisition on the Wexner Estate was substantial, due to security and aesthetic concerns by the owner. There was also a substantial amount of right-of-way that required acquisition at the intersection of 3<sup>rd</sup> Street and US-62. The landowners in this location were agreeable to donating the right-of-way to the City, however, they required a robust legal review and land acquisition agreement that slowed down the project development significantly. The bid for construction of this project was opened Friday, September 6 and award is anticipated to the lowest and best bidder within the next week. Construction will begin as soon as possible after award. Throughout the process of design development and right-of-way acquisition, the City had regularly been in touch with Jennifer Kline of OPWC and the continued delays were communicated. OPWC has granted the City an extension until October 31, 2025.

**CC19AA /CC20AA – City of Grove City – Columbus Street Improvements (Round 37):**

The City of Grove City is requesting an exemption for the Columbus Street Improvements project. This project was awarded funding in FY24 (Round 37). The project received additional funding through the Ohio EPA Water Pollution Control Loan Fund (WPCLF). The loan was not awarded until September 26. The city opened bids for the project on August 10 and issued a notice of intent to award to the Ruhlin Company.

## **Franklin County Sanitary Engineer's Projects**

**North Hague Avenue Sanitary Sewer Collections System-** this project was let for bid on July 10th and bids were received on August 30th. The Department is currently evaluating the lowest and most responsive bid and anticipates that the construction contract will be before the Commissioners at their November 5th Meeting. The contract allows for a construction period of approximately 10 months, whereby it is anticipated that this project will be complete in or about September 2025.

**Ferris Avenue Sanitary Sewer Collections System-** this project has experienced considerable delays, due largely and most recently to the need to acquire an easement from the City of Columbus. To further complicate matters, the Ohio Department of Transportation has an existing easement in the same area that the County needs an easement. As you can imagine, trying to coordinate an easement between the City of Columbus and the Ohio Department of Transportation has added a considerable amount of time to the project. It is anticipated that this easement will be finalized towards the end of 2024 or the beginning of 2025. Accordingly, it is forecasted that the project will be let for bid during the first quarter of 2025 and will likely be completed by the end of 2025.

**South Grenner Avenue Sanitary Sewer Improvement Project-** you may recall that the Department has let this project for bid on several previous occasions and had to "reject all bids" as they did not come within ten percent of the engineer's estimate, which has added considerable delay to the project. Additionally, the infrastructure in this area is very deep, which adds significant expense and limits the contractors who are able to perform such work. With that said, this project was let for bid on June 25th and bids were received on August 1st. The Department is currently reviewing the bids and anticipates that a contract will be before the Commissioners at their October 22nd Meeting. The construction contract allows ninety days for "Substantial Completion," whereby this project should be completed during the first or second quarter of 2025.

Ryan Andrews, PE

#### NRAC Re-Appointment Statement of Qualifications and Background

Ryan has 24 years of professional experience, starting as an engineering officer in the United States Air Force and currently as a municipal engineering consultant and Principal at EMH&T. His wide breadth of experience covers hundreds of projects involving infrastructure studies, engineering design, construction management, municipal planning, and stormwater management. Ryan has extensive experience working with municipal staff and community leaders providing him with a keen understanding of local government operations, capital improvement planning and project implementation. He currently serves on both the District 3 Public Works Integrating Committee and Natural Resources Advisory Council. His recent relevant experience includes:

- Westwater Run Study and Stream Re-naturalization, City of Grove City
- Big Walnut Creek / Whitehall Community Park Stream Access and Canoe Launch, City of Whitehall
- Stormwater Master Plan and Water Quality Management, City of Whitehall
- Park Master Plan, City of Whitehall
- Blacklick Creek Stream Restoration, City of Reynoldsburg

Additional references can be provided upon request.

## Natural Resource Assistance Council Nomination Form

Name:

Address:

Phone:

E-Mail:

Public Works District Integrating Committee Number:

### Representing:

(Check one and complete name of organization)

1. \_\_\_\_\_ A county, municipal corporation, township, conservancy district, regional or joint district or unit of local government, or regional or joint political subdivision that is located within the geographical jurisdiction of the appointing integrating committee.

ORGANIZATION:

2. \_\_\_\_\_ A conservation organization, an environmental advocacy organization, an organization with a primary interest in watershed protection and restoration, the department of natural resources, the environmental protection agency, or the United States natural resources conservation service.

ORGANIZATION:

3. \_\_\_\_\_ A city park system or metropolitan park system or a board of park commissioners from a county that is located within the geographical jurisdiction of the appointing integrating committee, a statewide parks and recreation organization, or the United States national park service.

ORGANIZATION:

4. \_\_\_\_\_ A statewide organization representing agriculture, an organization representing forestry interests, the department of agriculture, or the United States department of agriculture.

ORGANIZATION:

5. \_\_\_\_\_ An organization representing business, local realtors, or a planning agency, including a port authority, located within the geographical jurisdiction of the appointing integrating committee.

ORGANIZATION:

### Attachments

- A. A letter of nomination from a recognized, eligible entity in group 1 through 5.
- B. A statement of the nominee's background or qualifications.

The membership of a natural resources assistance council shall reflect the demographic and economic diversity of the population located within the geographical area represented by the council. (Ref: R.C. O.R.C.164.21 (A))

## **Nomination Procedures**

- Nominees must represent a recognized organization or entity from one of the groupings defined in R.C. 164.21(A) and provide the required documentation.

Exception: Nominations for the member which shall be a member of the appointing integrating committee shall be accepted and voted upon at a public meeting of the respective integrating committee, and nominations for the member which shall represent a soil and water conservation district shall be accepted by letter from the soil and water conservation district(s) within the respective integrating committee and be voted upon at a public meeting.

- Nominations shall be emailed to the respective district integrating committee's Liaison and shall be copied to the OPWC program representative. The OPWC shall confirm the nominee's eligibility to the liaison.
- District committees or, if applicable, the executive committee, shall meet to consider all nominations received and by vote at a public meeting appoint members of their respective Natural Resources Assistance Council.
- The District Liaison shall provide nominees with the date, time and location of the integrating committee meeting at which their nomination will be considered.

## **Conditions**

- Terms of office shall be for three years, with each term ending on the same day of the same month as did the term that it succeeds. Each member shall hold office from the date of appointment until the end of the term for which the member is appointed, except that, with respect to any member who is an elected or appointed official of a township, municipal corporation, or county, the term of office for that person on the council shall not extend beyond the member's term as an elected or appointed official.
- Members may be reappointed. Vacancies shall be filled in the same manner provided for original appointments. Any member appointed to fill a vacancy occurring prior to the expiration date of the term for which the member was appointed shall hold office for the remainder of that term. A member shall continue in office subsequent to the expiration date of the member's term until the member's successor takes office or until a period of sixty days has elapsed, whichever occurs first. Members may be removed by the district public works integrating committee for misfeasance, malfeasance, or nonfeasance in office.
- Serving as a member of a natural resources assistance council under this section does not constitute holding a public office or position of employment under the laws of this state and does not confer a right to compensation from any agency of this state.

The Ohio Public Works Commission is responsible for the administration of Revised Code sections 164.20 to 164.27 (Clean Ohio Conservation program). Questions relative to the nomination and appointment process should be directed to the Commission staff.

Edwina Teye  
MORPC  
111 Liberty Street Suite 100  
Columbus, Ohio 43215

Dear Ms. Teye,

Please accept this nomination letter for re-appointment of Kyle Wilson to the Public Works District 3 Natural Resources Assistance Council.

Kyle is the Assistant Director at Franklin Soil and Water Conservation District, where he is responsible for oversight of Franklin Soil and Water's Conservation Implementation, Urban Conservation and Conservation Easement programs. Kyle, leads the District's stream and wetland restoration efforts, works to acquire conservation lands, oversees watershed and project planning, and possess nearly two decades of grant writing and fundraising experience. He is also the current Chair of the District 3 Natural Resources Assistance Council and serves on a variety of advisory groups and committees. . Kyle has enjoyed serving on the committee and looks forward to his future involvement.

The District looks forward to working with you through the NRAC to successfully implement Franklin County's Clean Ohio Conservation Funds. Please feel free to contact Kyle by e-mail at [kywilson@franklinswcd.org](mailto:kywilson@franklinswcd.org) or by phone at 614-486-9613 ext 128.

Sincerely,

Jennifer Fish  
Director

October 2, 2024

District 3  
Public Works Integrating Committee

**RE: Natural Resource Assistance Council Nomination of Nathan Johnson**

Dear Public Works Integrating Committee,

I write on behalf of the Ohio Environmental Council (OEC) to nominate Nathan Johnson for a new and second term on the NRAC District 3 Committee. The OEC is a 501(c)(3) statewide environmental advocacy organization, one of the groupings defined under R.C. 164.21(A). We are headquartered in Franklin County.

The mission of the OEC is to secure healthy air, land, and water for all who call Ohio home. Our vision is a clean, beautiful Ohio where diverse people, innovation, and all of our natural treasures thrive. The OEC has supported the Clean Ohio Program since prior to its enactment into law, and we strongly support its growth and continued funding. We believe the Clean Ohio Green Space Conservation Program is an essential tool for conservation, public health, natural equity, and civic pride in Franklin County and all 88 counties in the state.

Nathan Johnson is the Senior Attorney for Land & Water at the OEC and has held a number of roles at the organization over the course of the past ten years. Nathan has represented the OEC as a member of the NRAC, District 3 Committee during the most recent Clean Ohio Green Space Conservation Program funding cycles. He has a long history of advocating for conservation causes across the state and in Franklin County. He would be pleased to continue representing the OEC on the District 3 Committee.

Please accept this letter of nomination of Nathan Johnson to the NRAC, District 3 Committee.

Sincerely,

/s/ Pete Bucher  
Chief of Staff  
Ohio Environmental Council  
1145 Chesapeake, Ave., STE I  
Columbus, Ohio 43212  
(614) 487-7506  
[pbucher@theoec.org](mailto:pbucher@theoec.org)

## Statement of Nominee's Background and Qualifications

Nathan Johnson

As the Ohio Environmental Council's Senior Attorney for Land & Water, Nathan focuses on administrative agency actions that impact our public lands and waterways. He advocates and litigates for the protection of special places, increased access to public lands, and clean water for people and wildlife. Nathan resides in the Columbus area with his wife, two children, and numerous pets. He enjoys gardening, the aquarium hobby, and going on outdoor adventures with his family.

An Ohio-licensed attorney, Nathan received his J.D. from The University of Virginia School of Law and a dual B.A. in History and Philosophy from Denison University. Nathan is admitted to the Ohio Bar, the Federal District Court for the Southern District of Ohio, and the Sixth Circuit Court of Appeals.

If Nathan is appointed, this will be his second term serving on the NRAC District 3 Committee.
